

Regulatory Workshop Agenda

November 4, 2016

8:00 – 3:15

City of Westminster Reclaimed Water Treatment Facility

13150 Huron St.

Westminster, CO 80234

This regulatory workshop introduces lab technicians to numerous regulations and policies that drive the work they conduct on a daily basis. Instructor Hope Dalton holds a Master's in Public Administration with a concentration in Environmental Policy, Management, and Law and a Bachelor's of Science in Chemistry. She currently teaches environmental science, geology, and water courses at the University of Colorado at Denver and writing courses at Metropolitan State College of Denver. She has eight years of laboratory experience and has provided regulatory and policy guidance in both the water and wastewater industry for another eight years.
